

8. nanoNET-meeting Monday, June 13, 2016

Time: **10:30 - 15:00**
Location: **TU Wien, Campus Gußhaus / Kontaktraum**
1040 Wien, Gußhausstraße 27-29 / 6th floor

Agenda

10:30-10:40	Gottfried Strasser TU Wien, Institut für Festkörperelektronik, Zentrum für Mikro- und Nanostrukturen	Welcome
10:40-11:00	Thomas Schrefl Donau Universität Krems, Zentrum für integrierte Sensorysteme	Nanostructured magnetic materials for permanent magnets and sensors
11:00-11:20	Jörg Schotter AIT GmbH, Health & Environment Department, Molecular Diagnostics	Magnetic nanoparticle-based molecular biosensing
11:20-11:40	Andreas Harrer TU Wien, Institut für Festkörperelektronik	Mid-infrared sensing based on quantum cascade structures
11:40-12:00	Anton Köck Materials Center Leoben (MCL)	Multi-Sensing Platform for Smart Building Management
12:00-13:15	<i>Lunch</i>	
13:30-13:50	Rudolf Herr AIT GmbH	Report about cooperation between AIT and Shanghai University
13:50-14:10	Lerwen Liu Asia Nano Forum Society, Founding Secretary NanoGlobe Pte Ltd, Managing Director	Nanoscale Science and Engineering Education - an Asia Perspective
14:10-14:30	Patricia Farias CETENE (Ministerium für Wissenschaft, Technologie und Innovation)	Preparation, Applications and Regulatory Affairs
14:30-14:40	Alexander Pogány BMVIT	Aktuelle Entwicklungen zu Nanotechnologie aus Sicht des BMVIT
14:40-15:00	Gottfried Strasser	Closing remarks, further activities, dates and events
