## Why nano tech Japan ?

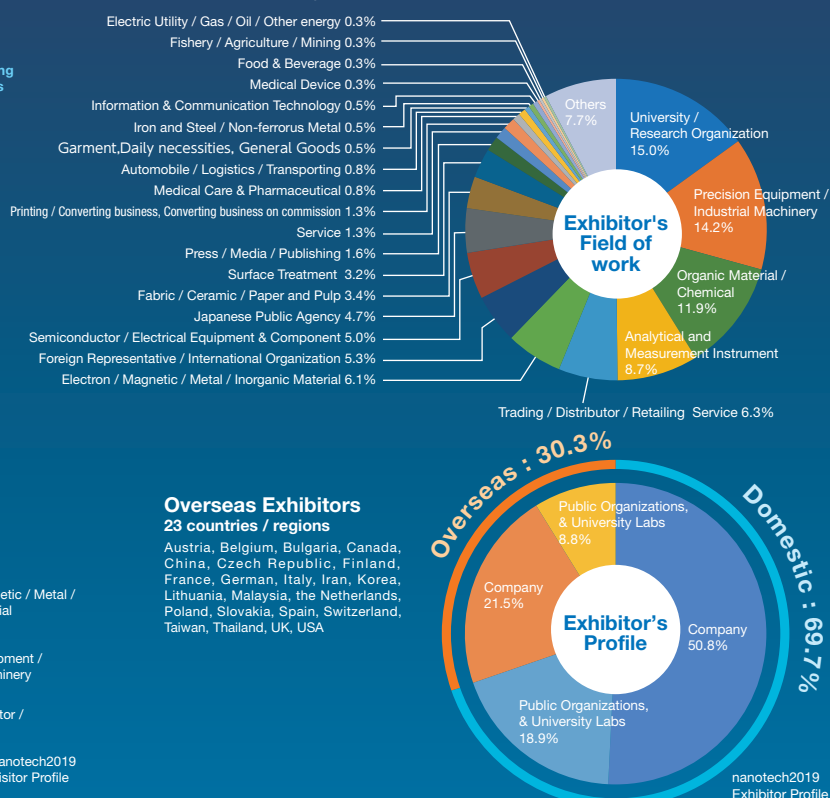

### 1 Approach Leading R&D Specialists

Talk directly to the specialists; 50% of attendees work in R&D and Business Development, and the figure keeps rising! More over, nano tech's visitors also comprises talented individuals from a variety of industries.

### 2 The Global Gateway to Open up Your Nanotechnology Business!

nano tech' exhibitors are composed of all over the world and field. Your business on Japanese market start from here!

### 3 Find Your Perfect Partners with the JTB Communication Design Business Matching System

The patented JTB Communication Design Business Matching System (patent no. 5843841) allows participants to easily find new partners and opportunities.

## Categories of Exhibits Zone

### Nano Materials zone

nano particles, composite materials, nano cellulose, carbon nanotubes, nanofibers, nano coatings, nano composite materials, graphene, nano inks, biocompatible materials, photonics materials, Fullerene, nano colloides, high-performance magnetic materials, highly-pure materials

### Nano Analytics zone

electron microscope (SEM / TEM), analysis equipment, evaluation measurement and designing tool, ultra precision measuring instrument, high efficiency / high sensitive sensor, contract evaluation / measurement / analysis service, molecular imaging, simulation / molecular design software, near-field optical, piezo stage, SPM / AFM, micro TAS

### Nano Fabrication zone

thin film manufacturing technology, nanoimprint, ultra precision surface processing technology, laser processing, inkjet printing, mixing / stirring / dispersing / grinding techniques, precision pattern printing technology, etching, next-generation lithography, electron beam/ion beam processing, contract processing service, nano transistor technology, priming charge processing, fusion/bonding technology

### Nano Innovation zone

- Automotive ■ Secondary battery ■ Fuel cell ■ Solar battery
- Advanced sensors ■ Advanced semiconductor
- Artificial intelligence / Deep learning
- MEMS / Micromachine ■ Lightweight material
- Cosmetic materials ■ Regenerative medicine ■ Wearables
- Aerospace ■ Agriculture ■ Biomimetics

\* Company exhibitors are able to choose by Categories of Exhibit.

\* The exhibition area for Public Organizations and University Labs exhibitors are fixed.

## Venue Overview

**The synergy between nano tech-related fields through 15 concurrent events create new business chance and open innovation.**

#### • For reaching latest trend of nano technology:

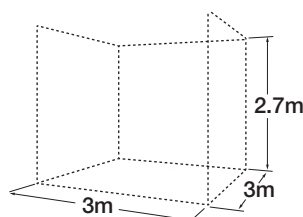

- Special Symposium
- nano week conference
- nano tech award
- Nano Biz Networking Reception

#### • For finding the best partner:

- Business Matching System
- Exhibitor's seminar
- Support program
- Special Exhibit

## Exhibition Fees

### • Raw Space Only (booth not included)

\*Side panels are provided when the space borders on neighboring booths. Corner booth spaces include only one side wall.

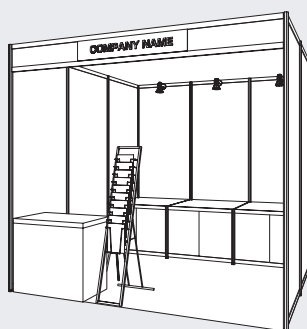

\*The below exhibition fee does not cover costs for booths' installation, dismantling, decoration, cleaning, or waste disposal, nor charges for electricity/water supply and drainage or internet fees.
